THEMATIC PAVILION - PORTEL

SEEING » HEARING » FEELING » SMELLING AND TASTING - THE MONTADO (CORK OAK FOREST)

BOLOTA - Pavilhão Temático is a space for enhancing and promoting Cork oak forests which affords the discovery and interpretation of landscape through the five senses. Here visitor can find out natural and cultural values and rediscover age-old knowledge, memories and experiences of those who inhabit this territory in the heart of the Alentejo – **PORTEL**.

BOLOTA has 4 thematic spaces, a multipurpose room and a commercial area.

The **CRAFTSMANSHIP ROOM** displays a series of objects made of cork and wood, knife-sculpted by the hands of our craftsmen. They are objects which are a testimony to the uses and customs of days gone by.

The **CORK ROOM** is a display window of this noble material. At this space are some examples of the various uses of cork, in particular the design of everyday objects.

In the **SENSES ROOM** we invite you to discover, through play, the **SOUNDS OF THE CORK OAK FOREST**; **LANDSCAPE** through the **GAZE**; the **AROMAS OF THE MOUNTAINS**; **FEELING NATURE** and trying out our most **GENUINE FLAVOURS**.

The **HERITAGE ROOM** combines the various dimensions of **Cork Oak Forest NATURE**, **RURAL LIFE**, **TRADITION** and **TOURISM**. A display which helps the visitor to discover the natural heritage, landscape and cultural heritage of the borough of **Portel**.
